Annual
Impact Report
2021

Continued Successes of 2021

I want to thank you for your generous support of Wayside Waifs during another challenging year. Because of your generosity, 2021 was a year of continued growth and new beginnings for Wayside.

This year we were able to fully utilize our new Education and Training Center, made possible by The Building Dreams and Transforming Lives Capital Campaign that was completed in 2020. The expansion has greatly expanded Wayside's impact. From new office spaces for our Humane Education department to greater availability of public training classes offered for owned animals – programming that is proving critical for pet ownership retention. The additional space has also been pivotal in spreading our reach through volunteer and staff training classes to even providing private event rental space opportunities for businesses and other community members.

Our new Canine Behavior Center, the second of its kind in the country, was the other major endeavor of The Building Dreams and Transforming Lives Capital Campaign. With the addition of the Canine Behavior Center, Wayside's Canine Behavior Modification Program is thriving. As predicted, the dedicated space has been a game changer for those dogs who need extra support in their journey to finding a forever home. With your support, Wayside was able to give customized behavioral support to 210 dogs at the Canine Behavior Center in 2021.

When called upon, Wayside's Animal Rescue and Response Team was there to help. In August 2021, Wayside's team rescued 57 dogs from deplorable conditions at a Louisiana puppy mill. A few months later in November, Wayside's team was called to help 142 dogs who were languishing at a large scale puppy mill in Iowa. In both cases, many of the dogs suffered from various medical conditions and most were shy and fearful. Once safely at Wayside, our team was able to provide medical and behavioral care, nutritious food, and love. These dogs were given the second chance they deserve because of you.

The successes of 2021 could not have happened if it weren't for your support. The last couple of years have been trying and have held plenty of uncertainty, but your generosity was unwavering – and for that we are truly grateful.

Sincerely,

Kathryn Mahoney
President, Wayside Waifs

P.S. If you are interested in hearing more about the great things we are working on, call 816-986-4411 to schedule a private tour of Wayside today!

Meet two of the animals you saved *by supporting Wayside Waifs*

Noodle & The Porcase Family

Noodle was rescued from a puppy mill when he was two months old. He was brought to Wayside with 142 other dogs. He was young, undersocialized, needed nutrition, and hadn't been to a veterinarian his entire life. We're glad Wayside's Rescue and Response Team helped save him and the other dogs in the puppy mill to make sure they all had the good lives they deserve. We neutered him, gave him all age-appropriate vaccinations, a microchip, and much-needed socialization. He was soon adopted into a loving forever home. "He and my other dog play and snuggle as if they have known each other for years!" said Brittany.

Noodle was adopted in November

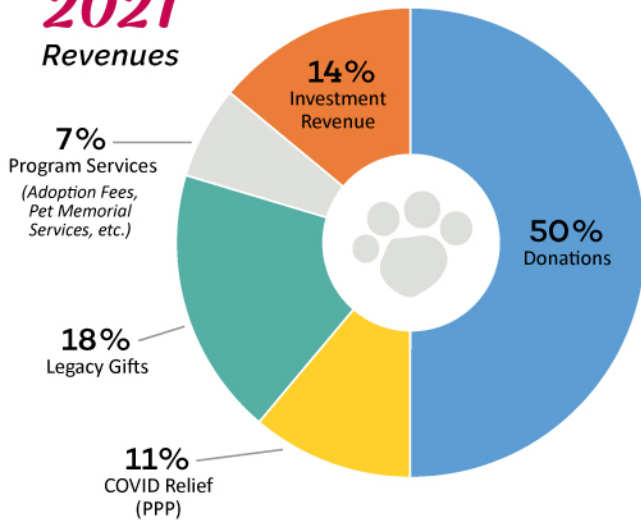

Cornbread & The Stanley Family

Cornbread came to Wayside after being found as an eight month old stray. The sweet boy was all alone and needed help. Thankfully, animal control brought him to Wayside where he was neutered and received all of his vaccinations along with love. And he's one lucky cat – he was adopted by Ashley Stanley, Wayside's Humane Education Manager. There are even plans to have him become a Companion Animal so he can go into classrooms and help teach No More Bullying! to kids. "I love him so much," Stanley said, "He's fun and quirky and so social!"

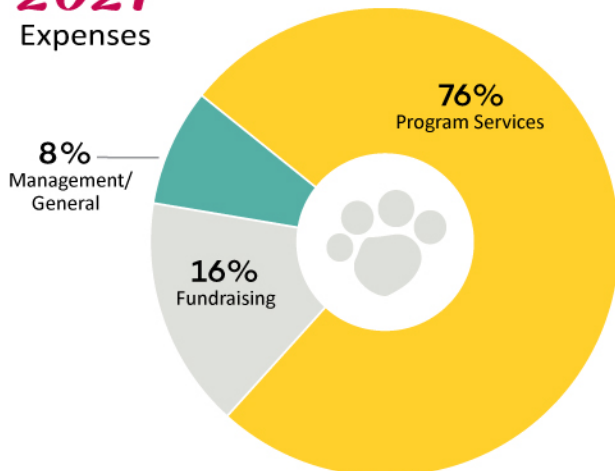

Cornbread was adopted in September

2021 Revenues

In Loving Memory

Patrick Tobin – husband, son, friend, and cat lover – passed away in 2021 after living with metastatic melanoma for 3 years.

To honor his life, 804 family, friends, and members of the community generously gave to make The Patrick Tobin Memorial Sunroom a reality.

MISSION STATEMENT:

Preparing pets and people for the bond of their lives.

We accomplish our mission by protecting and caring for the animals under our watch; by reaching out to the community for love and support; and by teaching others about the profound joy that pets bring to our lives.
